Product Polythene Tubing used is detailed below:

Layflat polythene tubing in Tri-Ex blend film. Film thickness 50µm coloured Blue Tint.

The polythene tubing is manufactured in a GFSI certified facility.

Country of origin

UK.

Shelf Life

12 months at optimum conditions Onset of measurable performance degradation commences at 9 months when stored at optimum conditions. Accelerated deterioration when stored sub-optimally.

Storage Conditions

Material should be transported and stored at room temperature away from direct sunlight. Excessive ultraviolet light and extremes of temperature i.e. over 60°C, will lead to accelerated deterioration of the product. Product stored in unheated warehousing should allowed to acclimatise prior to use in order to reduce the risk of blocking.

Packaging Waste Information

Product is made from virgin materials and is 100% recyclable.

Legal Information

Product is suitable for food contact applications and conforms to all relevant UK and EU legislation.
