Product Code: **LS-H500E**

Product description: **Thermal Transfer Printer**

Ideal printer for food packaging and allergen label printing- This machine will print logo labels, personalised one off labels, bulk printed labels for food packaging, sleeves, as well as a range of other applications. This machine is compatible with all our label and thermal ink ribbons.

Labelling-solutions is pleased to introduce the LS-H500E direct thermal desktop printer. This printer features 300 DPI resolution, printing speed up to 104 mm (4") / s and high-speed USB 2.0 connectivity. LS-H500E is an ideal printer for product labelling, shipping, retail and other labelling applications, printing with either the direct thermal or Thermal transfer function.

The LS-H500E employs a user-friendly double-wall clamshell design with a large five-inch (outside diameter) centre-biased media bay. Top-of-form sensing – by gap, black mark, ribbon end sensor or notch – is standard and completely adjustable from side to side. It also comes with a head-open sensor.
