

## Clear Film Sheets or Discs

<b>Customer</b>	Scobie & Junor (Estd. 1919) Ltd		
<b>Material</b>	Biaxially Oriented Polypropylene (BOPP) Film		
<b>Packed</b>	In 1kg boxes, and then cased into boxes of 6kg		
<b>Sheet Size (mm)</b>	n/a	<b>Thickness (μ)</b>	20-50mu
<b>Disc Size (")</b>	4" (102mm)	<b>Treated</b>	Gloss Layer

<b>Material</b>	Co-extruded biaxially orientated polypropylene (BOPP) <b>transparent</b> film, sealable on both sides. Typical applications include interleaving for burgers and food products.
<b>Limitation of Use</b>	BOPP film is suitable for standard ambient flexible packaging applications. Not suitable for microwave, retort, sterilization, irradiation or conventional cooking processes.
<b>Recycled Material Content</b>	No post-consumer recycled content is used.
<b>Compliance with Food Contact Legislation</b>	<p>We certify that the above products are manufactured to comply with the following EU and British legal requirements and the relevant country of manufacture:</p> <ul style="list-style-type: none"> <li>• The <b>Regulation (EC) No. 1935/2004 and amendments up to and including 2019/1381</b> of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food</li> <li>• The <b>Commission Regulation (EC) No. 10/2011 and its successive amendments</b> including <b>2016/1416; 2017/752; 2018/79; 2018/213; 2018/831; 2019/37; 2020/1245; 2023/1442; 2023/1627</b></li> <li>• The <b>Regulation (EC) 2023/2006 and amendments</b> good manufacturing practice</li> <li>• The <b>Commission Regulation (EC) No. 1895/2005</b> on the restriction of use of certain epoxy derivatives in materials and articles intended to come into contact with food</li> <li>• The <b>Materials and Articles in Contact with Food (England) Regulations 2012</b></li> <li>• The <b>Food Safety and Hygiene (England) Regulations 2013</b></li> </ul>
<b>Compliance with Migration Testing</b>	The materials have been tested in accordance with the requirements of EC 10/2011 and relevant amendments with regards to overall migration limits. Overall migration limits are within the specified limit of 10mg per 1 dm <sup>2</sup> for a cubic packaging containing 1kg of food to a migration of 60mg per kg of food. (*)
<b>Heavy Metals</b>	Our suppliers state that cadmium, chromium (hexavalent), mercury and lead are not intentionally added during product manufacture. Any incidental amounts would not exceed 100 ppm by weight.
<b>BADGE / BFDGE / NOGE</b>	Our suppliers state that epoxy resins used during manufacture are approved and comply with the Union List of Authorised Substances EC 10/2011 and EC 1895/2005 and all relevant amendments.
<b>Allergens</b>	Our suppliers state that the current list of 14 known allergens are not intentionally added during product manufacture.
<b>REACH / SVHC</b>	Our suppliers state that substances are regularly reviewed against the current Candidate List and are not intentionally added during product manufacture.

(\*) Individual film manufacturers' material specifications; food contact QC/migration results and limits; dual use additives; heavy metals; phthalates; epoxy resins used/added during manufacture are available on file (copies of which are available upon request) for each film grade supplied.

**Note:** Where BOPP films are further converted by printing and / or lamination using different printing inks, adhesives, varnishes and other substrates, it is the responsibility of the 3<sup>rd</sup> party converter to determine and satisfy the suitability for food contact regulatory compliance of the converted film; as this conversion process is outside the Company's control, we cannot accept liability in connection with regulatory compliance / suitability of the converted product.

The above stated material is intended for direct food contact; however, it is the responsibility of the end-user to verify its suitability for its intended food application.

This declaration is valid for a minimum of 1 year from date of issue, or sooner, in the event of regulation changes.

This statement of compliance has been authorised for use by Helen Haworth (Quality Assurance)
