Product description FRIDGE FREEZER THERMOMETER CIRCULAR DIAL

This stainless steel, fridge or freezer thermometer has a \varnothing 50mm dial with clearly marked scale and temperature zones, indicating temperature over a range of -30 to 30°C in 1°C divisions.

The colour-coded area incorporates traditional fridge star marks and indicates when the thermometer is at the correct temperature for a fridge or freezer. The housing measures 70 x 60mm and can be free-standing or hung from a shelf.

range: -30 to 30°C

resolution: 1°C

display: analogue dial

case material: stainless steel

measurement scale: Celsius
